RE: # 7359 - Aggregates

The Park Department would like to continue with the purchase of stone and soil with the same vendors as in the past. Travel time adds to the cost of the material. Though France Stone's material price is not low, the short travel time justifies the cost. France Stone does border our City limits. Longer travel time to other stone companies, does not only include the cost of the driver picking up the material but adds time and money to the individual job or project.

To purchase P-gravel and top soil I would like to continue with Old Prairie Products. Old Prairie has the best quality of top soil in the area. This is important for Park Department needs. The Park Department uses P-gravel around playgrounds and for warning tracks along outfield fences. Old Prairie is one of the few vendors who provides P-gravel.

Purchase breakdown

France Stone: 10F, 2, 53,73, 9, 11, rip rap stone. & 17 sand, mason sand.

Old Prairie Products: Screened top soil and washed P-gravel

RE: AGGREGATE BID #7359

The application of the purchase of aggregates to be picked up by the Street Department will be for the making of asphalt, gravel berm and alley maintenance, chip and seal and back fill.

The purchase of sand to be delivered to the Street Department will be primarily for making asphalt. This is a state approved gradated sand designed for this use. It will also be used for making sandbags if needed.

The purchase of top soil to be picked up by the Street Department will be for various restoration projects.
